About Walsall Choral Society

Walsall Choral Society was founded in 1944 following a meeting called on 4 October by the Mayor, Councillor David Jones. The Chorus Master was T.W. North, the Borough Organist. The first concert was given on 14 February 1945. During the last 70 years, the Choir has performed many significant choral works. It exists to allow its members the opportunity to perform many of the major works in the choral repertoire and for those who just enjoy a good sing! The Choir has developed a pattern of events during the last few years which involves them in regular concerts throughout the year.
